---

## PROFILE :

Motivated and enthusiastic B.Tech IT student with a strong foundation in programming, software development, and designer. Passionate about UI/UX designer and emerging technologies, and has hands on experience in practical projects and workshops. Eager to contribute to innovative tech solutions

---

## EDUCATION :

Sri.S.Badalchand sugankavur chordia vivekananda vidyalaya

10<sup>th</sup> score:100%

HSC Score:75%

B.Tech Information Technology (Expected: 05/2027), Pursuing 3rd Year

Prince Shri Venkateshwara Engineering College – Ponmar, Chennai.

CGPA:8.3/10

---

## PROJECTS:

- **Intern (06/2025 – 07/2025) Base Automation Pvt. Ltd** – Chennai, Tamil Nadu - Analyzed problems and worked with teams to develop solutions. - Learned about NLP processing.
  - **Project – Smart Water Dispenser** : Designed and developed a smart water dispenser system to automate water dispensing. Implemented sensor-based control for efficient water usage. Focused on reducing water wastage and improving sustainability. Integrated hardware components with software control logic.
  - **PULSEPOINT**: PulsePoint is a smart emergency response system that connects users with nearby hospitals in real time. Instead of blindly assigning an ambulance, the app sends a request with patient details and location to multiple nearby hospitals.
  - **Restaurant Demand Predictor API**: Built an AI-powered restaurant demand forecasting web application using FastAPI, Streamlit, and scikit-learn to predict restaurant demand and visualize forecasting analytics.
- 

## TECHNICAL SKILLS :

- Languages: Java(pursuing), Python
  - Web Development: HTML, CSS, UI / UX
  - Game Development: Unreal Engine, Unity
  - Database: MySQL, Data Structures
- 

## SOFT SKILL:

Team Collaboration  
communication

## CERTIFICATIONS :

- Reverse Engineering Workshop – IIT Madras ,Ethical Hacking Workshop – Techkriti'25
- Nptel-software testing IIT Kanpur
- uiux certification,mern stack certification
- Hackthon certifications.
